Levanta is the future of desking, providing many benefits to employee health and productivity.

Single Desking

Levanta Single Desking range consists of 3 popular premium desks – Leap, RoundE and Zoom. All desks are a stand alone electrically height adjustable desk. Sit or stand at your desk throughout the day to improve your health and wellbeing.

Bench Desking

Leap Bench by Levanta is a premium two person sit stand height adjustable desk with the same adjustability as the Levanta Single desk. Each user is able to work at their own chosen height making it a perfect solution for an office environment. Levanta Bench desking also offers the option to add an acoustic screen between desks.

Radial & K Desking

Leap Radial & K by Levanta can be used to utilise corner space in the office or in combinations to create cluster desks for either 2 or 4 workstations. Levanta Radial is a perfect solution for executive desking allowing for extra work space and room for underdesk storage solutions.

Visit Our New **LEVANTA** Website

www.levantastandingdesks.com 

Zoom by Levanta

Work smarter with the Zoom sit-stand desk. Height-adjustable from 685 to 1185 mm with the touch of a button.

Zoom is designed to give you the perfect ergonomic workspace with its ability to effortlessly transition from a sitting height to a standing height in seconds. Frames are available in white, silver or black and tops are available in a range of top finishes to suit your interior. Choose from scallop or cable port management.

take productivity to the next level with Leap sit-stand.

An effortless height-adjustable desk system featuring single and bench desks in a wide range of sizes, shapes and finishes.

Leap sit-stand desks are electrically adjusted to sitting or standing height, helping reduce the risks and problems associated with prolonged sitting.

The range includes single, corner, K-top, and back-to-back desks, all controlled by programmable touch-sensitive controls, featuring anti-collision software.

Leap is WEEE certified and meets EN527, EN 527-1:2011 and EN 527-2:2016 including motor durability test.

Key Features

- 10-year guarantee
- Child lock
- Two powerful motors
- Scratch and heat resistant

Leap single by Levanta

Leap single offers a stand-alone sit-stand desk solution, available as frame-only or with a range of tops.

Leap single desk frame can be expanded to accommodate tops from 1200 to 1800 mm in width, and is height-adjustable from 655 to 1255 mm using Leap's intuitive and programmable touch-sensitive controls.

the most environmentally friendly sit-stand desks available.

Strong, beautiful and sustainable, Bamboo is the go-to material for eco-friendly manufacturing.

If you are conscious of how your material choices affect climate change then, naturally, bamboo tops are a great investment for your business and the planet.

Our bamboo desktop doesn't just make a sustainable statement, it's beautiful too with unique grain striations and stunning edge detailing

Unlike our other sit-stand top options, Bamboo offers both the scallop and portal cable management options. The Bamboo desktop is both aesthetically pleasing and environmentally conscious, and comes with a 10-year guarantee too.

Bamboo tops are available to order on our Leap, Zoom and RoundE height-adjustable desk ranges.

acoustic pods.

We offer a number of acoustic solutions for the workplace including Hide booths.

Acoustics in the workplace are often overlooked, despite numerous studies showing their positive impact on productivity and wellbeing. It is widely recognised that workers perform better in a quieter, acoustically-treated environment, making it an essential aspect of office interiors

Visit our website to view our acoustic pod range.

H1 phone booth

A comfortable, modular phone booth for one person.

The booth doesn't take up much space and fits into any office interior. It provides ideal conditions for making phone calls or teleconferences.

acoustics.

Simple solutions that provide the privacy and seclusion that you need.

We offer a range of office dividers, office privacy screens and other office desk screens to give yourself the perfect acoustic solution to a noisy office, the possibility of social distancing and the privacy that you need. Investing in an office partition or screen is the ideal fix, as it's a simple and effective way to create defined spaces that offer the opportunity for quiet concentration and privacy.

Koala Acoustic PET screens

Koala Acoustic PET screens are made from PET material which is manufactured from recycled material.

Koala Acoustic PET Screens are desk mounted screens made in Ireland and manufactured from Acoustic panels. Not only do Acoustic PET screens give privacy to the desk user but they also provide an excellent acoustic solution to reduce noise in any office space. This dramatically improves the health and wellbeing of employees ensuring more focus and increased productivity.

Sustainability

We partner with the Global Climate Institute, where we plant a tree in Tanzania for every desk sold.

Why Tanzania?

The deforestation rate in Tanzania is amongst the highest in East Africa. For a country where the forests typically help fuel the national economy, this degradation has a dramatic impact on rural communities, causing major food insecurity.

Luckily, tree planting proves to be one of the most versatile and cost effective means to improve the quality of life for people living in impoverished areas, as the trees will provide decades of food, medicine, shade, firewood, carbon fixation, environmental enhancements, wildlife habitat and benefit the global climate.

Certification

Our sit-stand desk frames are now Global Green Tag certified.

LEAP SINGLE

LEAP BENCH

ZOOM

ROUND-E

Global Green Tag is one of the world's most robust, trusted and widely recognised ecolabels. The globally trusted certification standards are recognised worldwide.

Global GreenTag independently assures that every product is fitness tested and certified under one of their two leading certification programs that use the world's best scientific methods. That's why they have earned the reputation and trust of thousands of buyers, hundreds of companies and numerous green building councils, certification bodies and governments around the world.

Reuse and recycling of Waste Electrical and Electronic Equipment.

We are a registered Recolight member and WEEE certified for all sit-stand desks.

The WEEE Regulations were introduced to the UK in 2007. Their purpose is to make sure Electronic and Electrical Equipment (EEE) is recycled; keeping this harmful waste stream from landfill. The regulations aim to improve the environmental performance of businesses that manufacture, supply, use, recycle and recover EEE. You may have obligations under the WEEE Regulations if you are a business which sells electrical or electronic equipment.

Working with recycling and logistic operators.

Recolight use Approved Authorised Treatment Facilities to recycle waste. This ensures that the waste is treated responsibly, maximising the amount of recycling that can be achieved and its impact on the environment.

We have full duty of care traceability – we know exactly where the waste we collect has come from, and how and where it gets recycled.

Recolight Members recognise that WEEE compliance is about more than just ticking a box and are actively committed to protecting the environment.
